A company focused on delivering innovative and efficient energy solutions, with a strong presence across Ghana's petroleum landscape.

**FUELLING
POSSIBILITIES**

"At Power Fuels, we don't just supply fuel —we fuel possibilities. From retail forecourts offering top-tier products to expert advisory services for bulk fuel management, we empower our customers with reliable, efficient, and sustainable energy solutions."

Our Story

Power Fuels Distribution Company Limited is a leading energy solutions provider in Ghana, delivering innovative and efficient petroleum products and services. A subsidiary of Arch Holdings, Power Fuels operates at the forefront of the petroleum industry, specializing in fuel distribution, infrastructure development, and energy solutions.

Formerly known as Petrobay Oil Limited, Power Fuels was incorporated in 2010 and has since grown into a dynamic, customer-focused brand. With over 300 employees and 40 retail locations across the country, we are committed to powering possibilities for businesses and individuals alike.

We offer more than just fuel; we deliver a seamless experience—premium quality products, expert fuel solutions, and exceptional customer service at every touchpoint.

Our Vision is to be to be Ghana's most trusted and innovative fuel solutions provider, delivering superior quality, reliability, and value to businesses and communities.

Our Mission

Clients

We aim to create sustainable and superior value in all business relationships.

People & Company

We aim to foster a culture of openness, professionalism, and continuous development.

Community

We aim to invest in socially responsible initiatives that positively impact society.

Shared Values

We Innovate

We believe that progress starts with bold thinking. By constantly challenging the status quo and embracing technology, we unlock smarter, faster, and more efficient ways to serve our customers.

For us, innovation is not an option—it's how we fuel new possibilities.

We Empower

People are the heart of everything we do. We foster a culture where curiosity thrives, ideas are valued, and every individual is empowered to grow, lead, and make a difference.

When our people succeed, our mission gains momentum.

We Pursue Excellence

We set the bar high—then aim higher. From premium products to exceptional service, we go the extra mile to exceed expectations at every turn.

Through dedication, integrity, and relentless drive, we power excellence in every experience.

Our Philosophy

Customers First

We build lasting relationships by placing our customers at the center of every decision.

Innovation in Technology

From smart inventory management to digital fuel monitoring, technology drives our efficiency and enhances customer convenience.

Safety is Non-Negotiable

We uphold the highest safety standards to protect our employees, customers, and the environment.

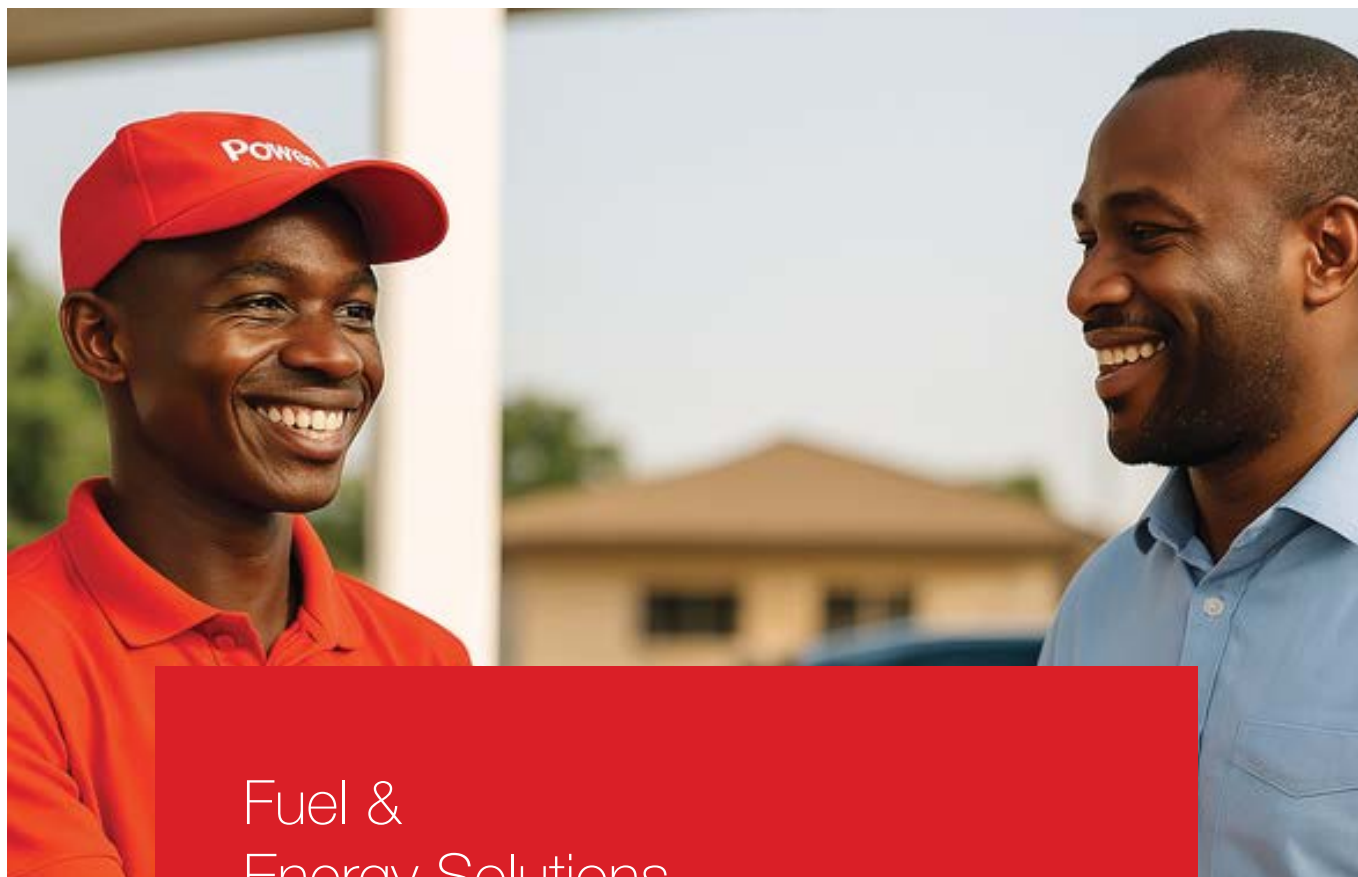

Empowering Our People

Our employees are our greatest asset. We invest in their growth, ensuring they thrive professionally and contribute meaningfully to our success.

**SUPPORT AND
EXPERT ADVICE**

Fuel & Energy Solutions

Managing fuel supply in today's dynamic market requires expertise, efficiency, and reliability—qualities that define Power Fuels. Our solutions ensure businesses have the right fuel at the right time, at the best value.

Our fuel solution tools include:

Smart Inventory Platform

Prevents over- or under-buying by optimizing fuel stock levels.

Smart Monitoring System

Guards against losses in fuel storage and dispensing.

Fuels for every business need

Whether you require fuel for industrial or residential use, standard or specialized, have a large or small fleet, Power Fuels can supply the fuels you need in the grades and quantities you need either at the forecourt of our retail outlets or right at your doorstep.

Bulk Supply on Site

We supply surface tanks and dispensing pumps at the premises of our clients when needed. We work with our clients to ensure they have the right quantities of fuel to run their businesses.

LPG Bulk Supply and Distribution

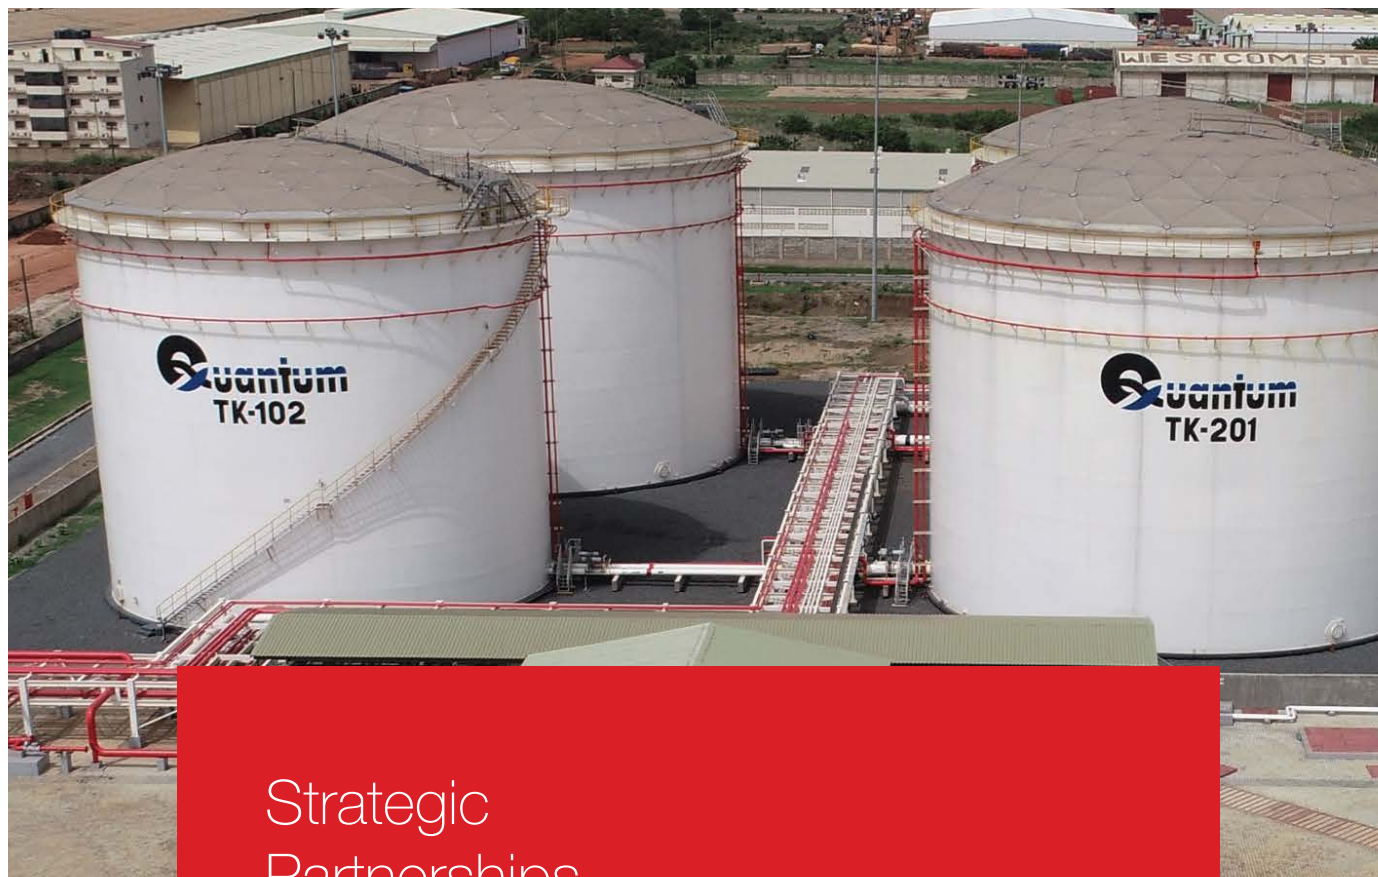

Whether you are a small and medium sized enterprise or a full commercial entity, rest assured, we provide LPG solutions to our customers across the country.

Lubricants tailored to your needs

A complete line of quality lubricants (in bulk or packaged forms) will meet all your needs for industrial, commercial or passenger vehicles. Power fuels represents and markets the Enoc brand of Lubricants in Ghana. We bring you the best available products and prices.

**STRATEGIC
PARTNERSHIPS**

Strategic Partnerships

Power Fuels leverages the strength of Arch Holdings and its subsidiaries to guarantee uninterrupted fuel supply and unmatched quality control. With dedicated storage facilities and a vertically integrated supply chain, we ensure efficiency, reliability, and premium product availability.

Guaranteed Product Supply

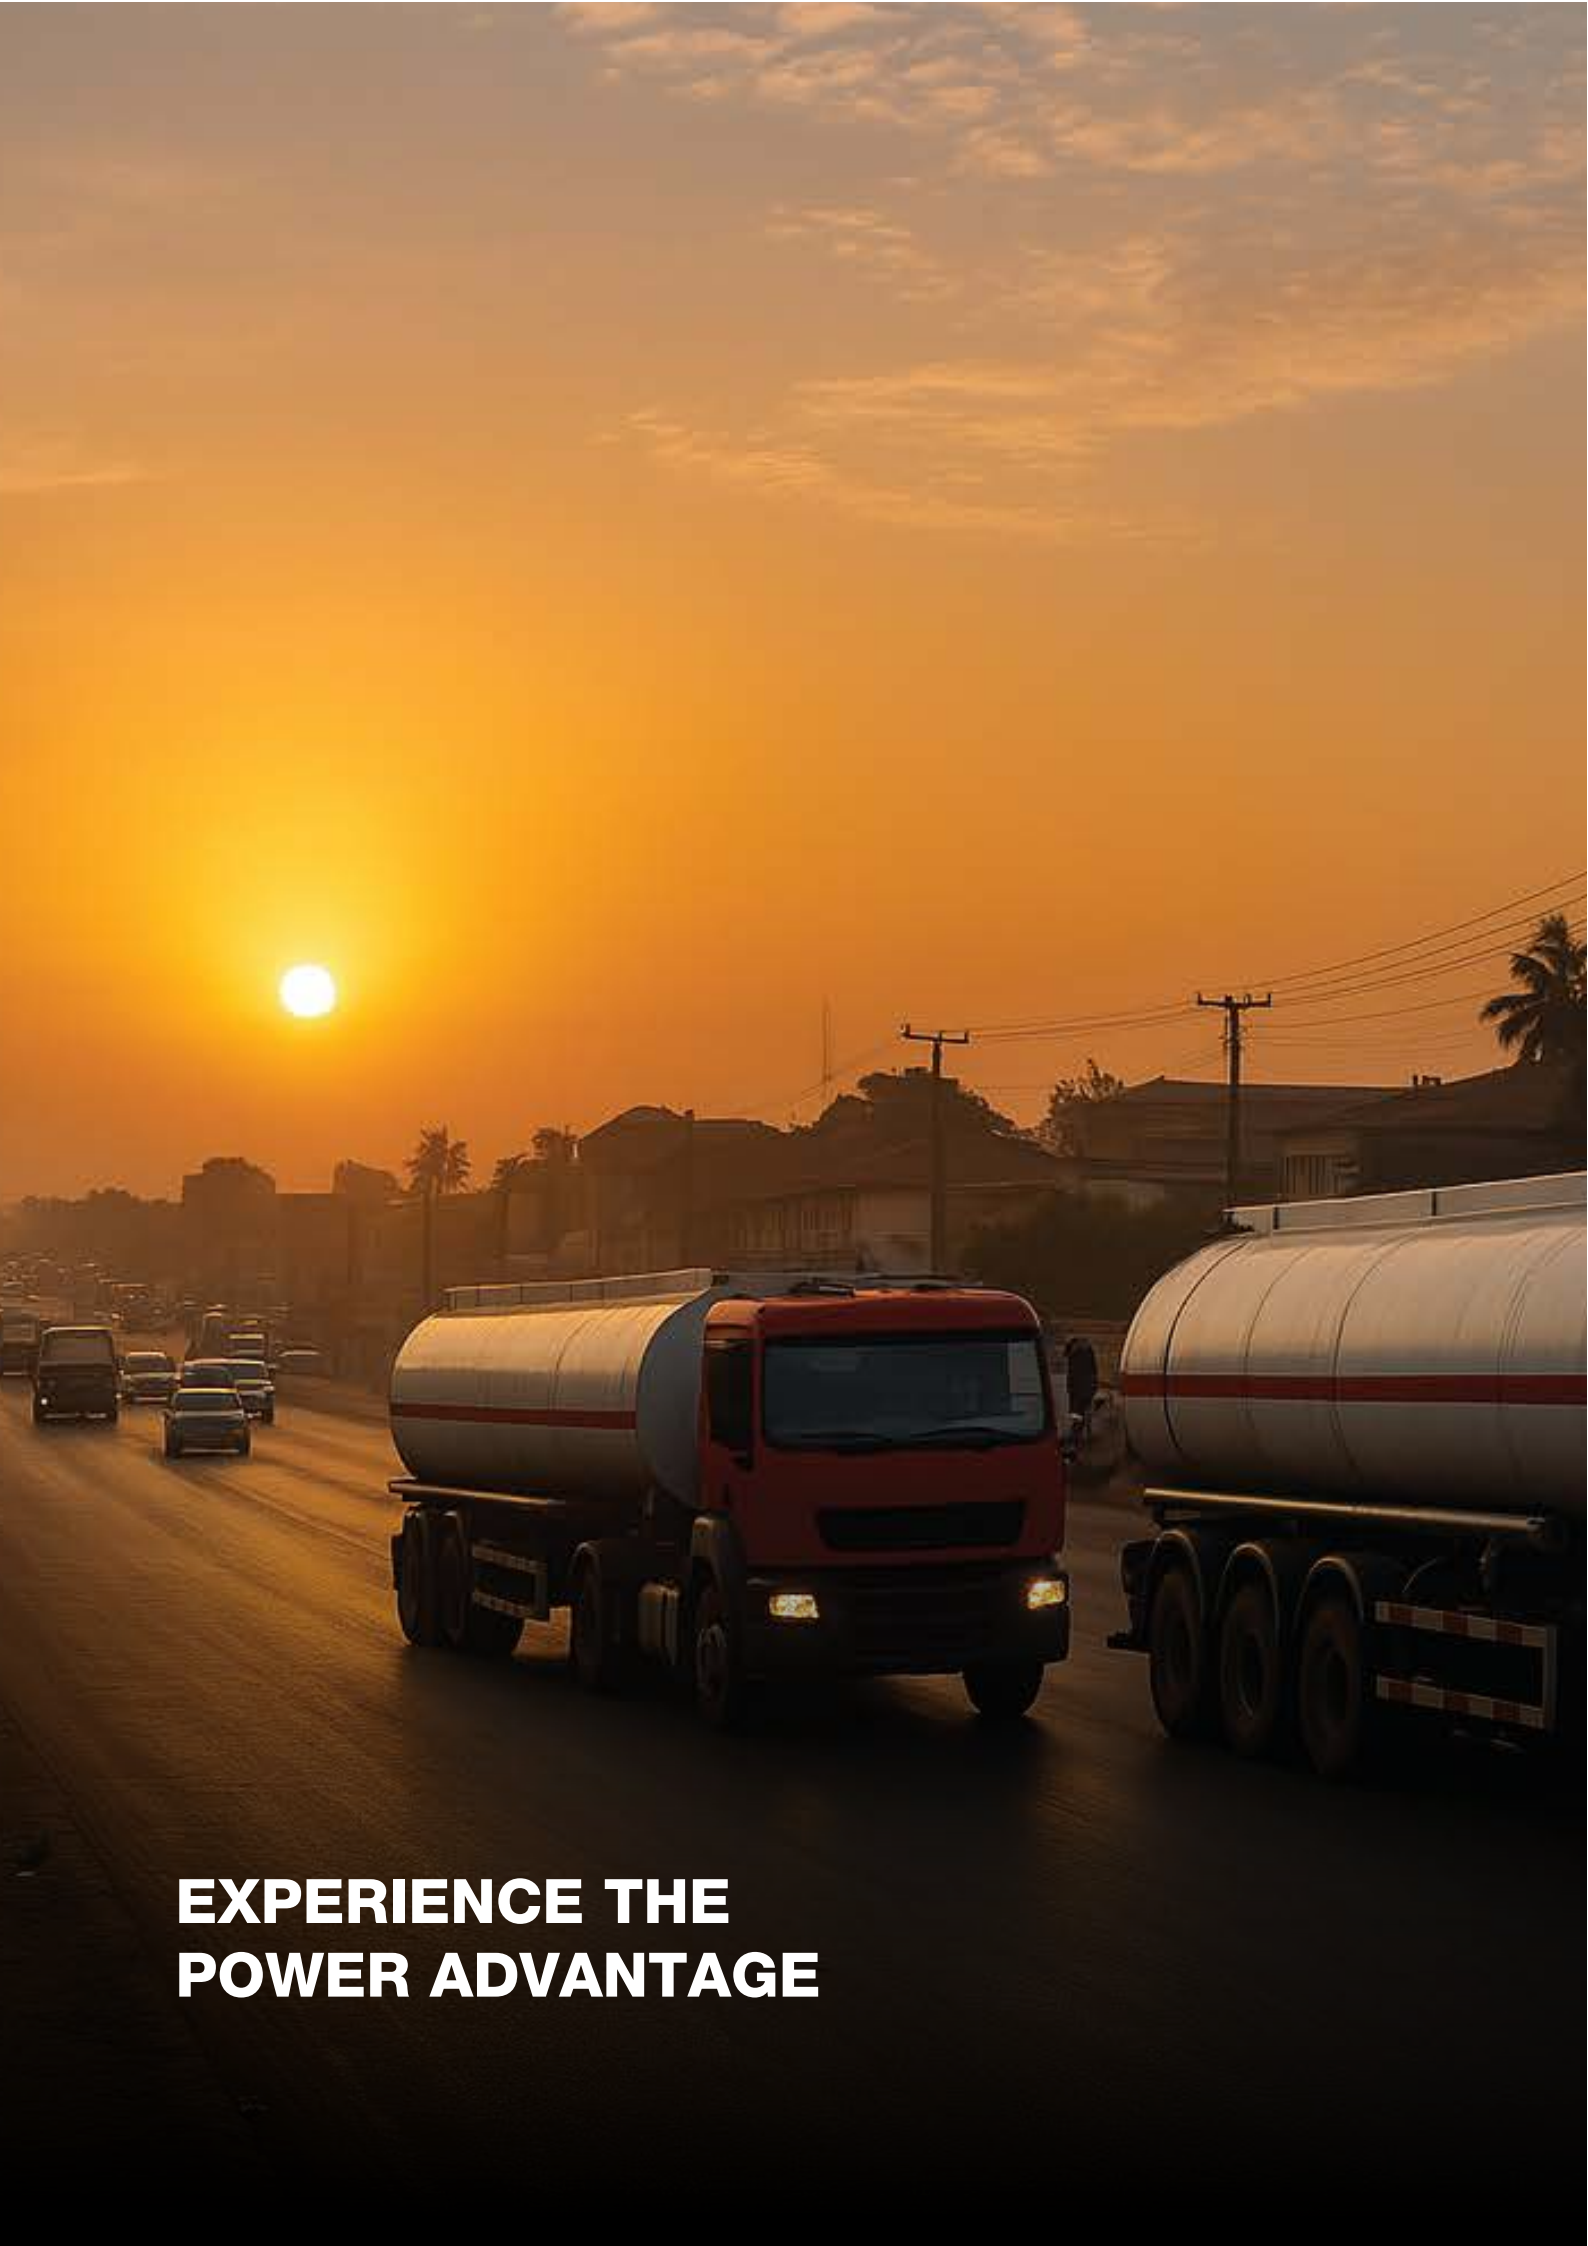

As a subsidiary of a group that owns a Bulk Distribution Company (BDC), we ensure consistent access to premium fuel products.

Storage & Quality Assurance

Our long-term storage and delivery arrangements ensure rigorous quality control, including a 55,000-metric-ton storage facility at Tema.

LPG Storage Infrastructure

Our dedicated LPG terminals near Ghana Gas Facility at Anokyi and the Tema Industrial Area enhance supply reliability.

**EXPERIENCE THE
POWER ADVANTAGE**

The Power Advantage

- 1 Backed by a trusted Group with its own Bulk Distribution Company (BDC), we ensure consistent access to premium-quality fuel products.
- 2 With ownership of a dedicated tank farm, we maintain strict end-to-end quality control across the entire supply chain.
- 3 Enjoy responsive and reliable customer service—your queries are resolved quickly and professionally.
- 4 Access value-added solutions like the Power Payment Card and the Power App for seamless fuel management.
- 5 Leverage a strong and recognizable brand supported by ongoing advertising and nationwide market engagement.
- 6 Benefit from rigorous quality assurance at every stage, from storage to delivery.
- 7 Count on expert advice and ongoing support tailored to your fuel and energy needs.
- 8 Optimize your operations with smart inventory tracking and digital monitoring platforms.
